

OLUWATIMILEYIN ADEYEMO

Data Analyst | SQL · Power BI · Excel · Python

+2349028003195 | Timileyinadeyemo35@gmail.com | [LinkedIn](#) | [GitHub](#) | Ogba, Lagos |

PROFESSIONAL SUMMARY

Data Analyst with years of experience collecting, analysing, and interpreting sales, inventory, and operational data to support business decisions. Proficient in SQL, Power BI, Advanced Excel, and Python, with a strong track record of building dashboards and delivering actionable insights across Sales, Supply Chain, and Operations teams.

SKILLS

- **Sales & Operations Analysis:** Sales performance, customer behaviour, inventory movement, operational efficiency, YOY trend analysis
- **Dashboards & Reporting:** Power BI, Advanced Excel, DAX, Power
- **Data Management:** SQL, Python (Pandas, NumPy)
- **Strategic Support:** Forecasting, budgeting support, ad-hoc analysis, cross-functional collaboration across Sales, Marketing, Supply Chain, Finance

PROFESSIONAL EXPERIENCE

Data Analyst | Coloured Spaces Ltd

Feb 2026 – Apr 2026

- Collected, analysed, and interpreted multi-year sales and client performance data, identifying a 17.4% revenue decline and surfacing actionable insights for senior management.
- Prepared periodic management reports and dashboards tracking sales KPIs and sector performance trends, ensuring data accuracy and consistency across all outputs.
- Collaborated with business units to understand reporting requirements, delivering insights that identified top-performing segments driving 93.4% of prior year revenue.

Data Analyst | Selligate Fulfillments

Oct 2024 – May 2025

- Analysed sales and delivery performance data across Lagos regions, developing a risk-scoring model that decreased failed deliveries by 28% and improved operational efficiency.
- Built and maintained operational dashboards tracking inventory movement, delivery KPIs, and regional performance to support strategic and operational decision-making.
- Formulated and tracked operational KPIs supporting scaling from 500 to 2,000+ daily orders, providing data-driven recommendations that improved cost efficiency and growth strategy.

PROJECTS

Retail Store Sales Performance & YOY Analytics

- Analysed YOY retail sales performance, identifying 30% sales growth and 24% volume increase while flagging an 11% cost rise as a profitability risk requiring immediate operational review.
- Benchmarked regional sales distribution across four regions, identifying underperforming areas and recommending replication of high-growth strategies to balance sales performance.
- Tracked product category performance, identifying top growth drivers and flagging stagnant categories while recommending targeted pricing and inventory strategies to optimize sales.

FMCG Commercial Performance & Profitability Analytics

- Analysed \$34M in global FMCG sales data across multiple markets, identifying regional profitability gaps and product performance trends to support strategic decision-making.
- Identified a key market underperforming at 3.8% profit margin, recommending product line pruning and market restructuring that directly addressed cost-to-sale inefficiencies.

EDUCATION & CERTIFICATIONS

- BSc Mass Communication (Merit) — Federal University of Oye Ekiti | 2021 – 2025
- Business Analytics Specialization — University of Pennsylvania (Wharton) | 2025
- Excel for Data Analysis — DataCamp | 2025
